"When trust, craftsmanship and professionalism matter most!"

Local House Painting Contractor Selected as Five-Star Provider

Painting in Partnership, Inc. (PIP) of Palatine, Illinois, was just selected as a Five-Star Service Provider for the Domestic Estate Managers Association (DEMA), based out of Grosse Pointe, Michigan.

Michael Wright, Vice President of DEMA described the Five-Star rating and what it means for service providers: "The Five-Star Service Providers lead their industry by setting an example for professionalism and making a commitment to protect their clients. For example, they engage in background checks and drug testing, among many other company policies. Many service providers may not deem these steps as necessary, but our Five-Star Providers are committed to going the extra mile in building trust with our association's members."

Mario Guertin, owner of PIP had this to say: "This Five-Star Service rating affirms our dedication to building trust with our clients in any way we can. We provide house painting and decorating services, but what we really strive to deliver is peace of mind – from start to finish – every time."

DEMA was created to provide a place where Estate House Managers from around the world can collaborate with colleagues, learn new and valuable skills, obtain assistance with challenging or unfamiliar projects and repairs, and seek the advice and expertise of a cadre of elite home service providers. Its primary goal is to bring House Managers together into one online community, and provide the community with invaluable resources to tackle the challenges they meet every day.

PIP is a nationally accredited painting contractor and recipient of many national house painting and decorating awards. Their services include, among others, interior and exterior work, color consultation, decorative and faux finishing, historical restoration and green solutions.
